

## E-INVITE TO COMMUNITY MEMBERS

**Subject: You're invited | Join the *Changing Ageing* conversation**

Good morning/afternoon [insert member name],

We'd love to invite you to join a conversation about ageing as part of the *Changing Ageing* movement at [location] at [time].

We believe your story is powerful — it's there to be heard, to connect, to build understanding and challenge thinking. It also has the power to breed change, which is what *Changing Ageing* aims to do. Join us for a light morning/afternoon tea while we help to start a new story about ageing, touching on what ageing means to you and how you make the most of your life.

Share with us how you're living your full and fulfilling life, because you deserve to be celebrated.

*Changing Ageing* is supported by Blue Care, one of Queensland's largest, most trusted in-home, disability, retirement living and aged care providers.

If you would like to attend, please RSVP by [date] to [community representative and contact details].

Look forward to seeing you there.
